GROHE
ENJOY WATER®

Atrio NEW

Single-lever mixer 7° spout

The new Atrio single lever mixer clearly resonates the understated semantic philosophy of the Bauhaus movement, which was a source of inspiration. The consistency of the aesthetic is achieved through its repetitive geometry. A simple cylinder is extruded in varying depths and diameters with great sensitivity to ensure perfect proportions and superior functionality.

The seven degree inclination of the spout throughout the entire range creates a coherent semantic and defines the optimum position for the delivery of water. The depth and modularity of the collection allows flexibility in the creation of the perfect environment in which to enjoy water. Available in chrome, the striking Atrio range features **GROHE StarLight®** technology for an immaculate surface, while **GROHE SilkMove®** ensures effortless precision and ultimate comfort.

Atrio NEW

Single-lever mixer C spout

Created from a series of simple cylinders, the Atrio one-hand mixer range with C spout offers faucets for a number of basin styles, bringing great design flexibility to the bathroom. Reduced dimensions and exacting proportions are combined with a high-arched spout to create a beautifully controlled cascade of water. Modern and pure, Atrio fuses design and technology for the metropolitan interior. Purity of form is enhanced by **GROHE StarLight®**, while **GROHE SilkMove®** delivers ultimate control over water flow and temperature.
